

VIB Technologies presents:

**Thermo Fisher Scientific Innovation
Afternoon**

Technologiepark-Zwijnaarde 75, 9052 Ghent

February 29th 2024 - 15h30 - 20h00

VIB Technologies is a close collaborator with Thermo Fisher Scientific, providing us with the most innovative technologies. We are thrilled to announce the 2024 Thermo Fisher Scientific Innovation Afternoon at the VIB research building FSVM II in Ghent. You will have the chance to learn about our newest technologies and products, and in parallel interact directly with our scientific team during personal scientist-to-scientist sessions.
